## **EVO® Electric Winches**

A Self-Tailing EVO® Winch that works at the push of a button! That's exactly what you will find with Lewmar's electric winch range. Whether you buy an electrically-

- Push Button Power
- Quiet operation
- Manual override
- All the benefits of the EVO® range
- Easy to install
- Inclusive of contactor and motor units
- Feature powerful series wound motors
- Choice of two levels of control: E Series or Electric Load Sensing (ELS)
- Available for Size 40, 45, & 50, E Series controller features a thermal trip
- In addition to a thermal trip, the ELS Control Box cuts power when the winch reaches its Working Load Limit (WLL). Power resumes once the loads return below the WLL.
- ELS Control Boxes available for Size 40 to 80

operated winch complete or retro-fit the compact electric motor/controller unit, the electric EVO® provides improved sail control.

Electric Evo 80 installed on Hallberg Rassy

# EVO® Electric Winch Kit

The kit contains all you need to install your electric winch as follows:

Deck unit and motor gearbox

Circuit breaker

Switch

#### **Contactor or Control box**

Models 40 to 50 are supplied with the contactor pre-mounted to the motor gearbox removing any complicated wiring for a more tidy and easier installation. It only requires connecting the battery and the switch supplied.

Models size 55 up are supplied with an ELS control box which allows the winch to be operated up to a set current relative to the working load limit of the specific winch. Once this current is exceeded, the winch automatically cuts out. Once the current drops to below the working load limit, the winch can be restarted. The ELS features the additional safety function of a Motor Thermal Trip, which ensures that the motor cuts out in the event of excessive heat build up
